## SUMMARY

Results-driven Front-End Developer with over 1+ year of experience in web development, specializing in HTML, CSS, JavaScript, PHP, SQL, and React. Demonstrated expertise in developing responsive, user-centric web applications and implementing modern design principles. Proficient in utilizing front-end frameworks, version control systems, and web performance optimization techniques. Strong skills in cross-browser compatibility and debugging. Committed to enhancing user experience and delivering high-quality code. Seeking to leverage technical skills and creativity to contribute to dynamic web development projects and drive innovative digital solutions.

## WORK EXPERIENCE

LDR Survey Pvt Ltd ( Egmore )

Aug 2023 - Present

### *Web Developer*

#### 1) Website Development

I have extensive experience in full-stack web development, having designed, developed, and maintained three dynamic websites. For the frontend, I utilized HTML, CSS, and JavaScript to create responsive and user-friendly interfaces, while PHP was employed for backend operations and seamless database integration. SQL was used to ensure efficient database management. These websites are hosted on Hostinger, and Visual Studio Code was my primary IDE for streamlined development workflows.

- **ldrsurveys.com** - <https://ldrsurveys.com>
- **landsurveytraining.com** - <https://landsurveytraining.com>

**Skills:** Web Development, Full-Stack Development, HTML, CSS, JavaScript, PHP, SQL, Database Management, Hostinger, Visual Studio Code, IDE

#### 2) Customer Relationship Management (CRM) Development:

I have significant expertise in designing, customizing, and optimizing Customer Relationship Management (CRM) systems. Leveraging PHP for frontend functionality and SQL for robust database management, I created scalable CRM solutions to enhance client engagement and streamline internal processes. These systems are hosted on Hostinger, with Visual Studio Code as my preferred IDE for efficient development.

**Skills:** CRM Development, PHP, SQL, Database Management, Client Engagement, Workflow Optimization, Hostinger, Visual Studio Code, IDE

EDUCATION

<b>Master of Business Administration (2021- 2023)</b> Sakthi Institute of Information and Management Studies	<b>7.63 CGPA</b> <b>Pollachi</b>
<b>Bachelor Commerce in Computer Application (2018 - 2021)</b> Sree Saraswathi Thyagaraja College ( Bharathiyar University )	<b>80%</b> <b>Pollachi</b>
<b>HSC (2018)</b> Tamilnadu Stateboard	<b>83.6%</b> <b>Pollachi</b>
<b>SSLC (2016)</b> Tamilnadu Stateboard	<b>78%</b> <b>Udumelpet</b>

CORE COMPETENCIES

- **Full-Stack Web Development:** Proficient in designing, developing, and maintaining dynamic websites using HTML, CSS, JavaScript, and PHP for frontend and backend functionalities. Expertise in integrating seamless database connections with SQL for efficient data management.
- **Frontend Design & User Interface (UI) Development:** Developed responsive and intuitive UI using HTML, CSS, and JavaScript to enhance user experience and optimize performance across multiple devices.
- **Backend Development & Database Integration:** Leveraged PHP for backend logic, along with SQL to implement secure and efficient database systems, ensuring high performance and scalability.
- **Content Management Systems (CMS):** Experienced in setting up and customizing CMS solutions to streamline content updates and site management, improving workflows for non-technical users.
- **CRM Development & Customization:** Designed and optimized CRM systems using PHP and SQL, improving customer engagement, database management, and internal process efficiency.
- **Server Management & Hosting:** Experience in managing website hosting on platforms like Hostinger, ensuring website uptime, security, and performance monitoring.
- **Cross-functional Collaboration:** Worked closely with stakeholders and department heads to align website development projects with organizational goals and technical requirements, fostering seamless team integration.
- **Agile & Scrum Methodologies:** Utilized Agile and Scrum practices to streamline project development, increase productivity, and enhance collaboration within the development team.
- **Problem Solving & Debugging:** Skilled in troubleshooting technical issues, resolving bugs, and improving website functionality and performance through proactive problem-solving.

## TECHNICAL SKILLS

- HTML, CSS, JavaScript, React
- PHP, SQL
- Full-Stack Web Development
- Git/GitHub
- Responsive Web Design
- Content Management Systems (CMS)
- Web Hosting (Hostinger, cPanel)
- Agile Methodologies
- CRM Development
- Security & Performance Optimization
- Version Control Systems
- Cross-Browser Compatibility
- UI/UX Principles

## SOFT SKILLS

- Problem Solver
- Detail-Oriented
- Effective Communicator
- Adaptable to New Technologies
- Critical Thinker
- Team Collaboration
- Client-Focused
- Deadline-Driven
- Self-Motivated Learner
- Analytical Mindset

## DECLARATION

I hereby declare that the information provided above is true and accurate to the best of my knowledge.
